## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 3, 4 and 7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1 and 7 are indefinite because they recite "a detachable wig portion mounted over the opening and affixed to the main wig portion to be removable permitting natural hair to extend there through creating a natural hairline"; however, in the specification, page 3, paragraph 11, it is understood that when the detachable wig portion is mounted on the opening, the natural hair may not be pulled through the opening, the opening has been covered with the detachable wig portion; whereas, the claims recited that when the detachable wig mounted over the opening, it permits natural hair extend there through. Therefore, it is not clearly understood to whether the natural hair can be pulled through the opening when the detachable wig portion being mounted over the opening or not.
